

# BIGYARD

2014

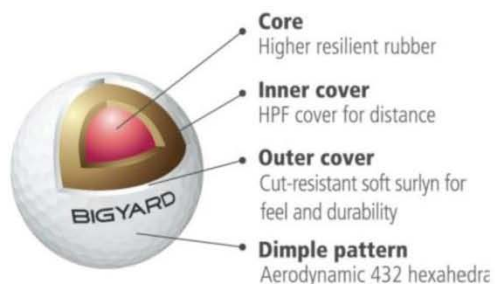

***Longer shot will always makes a difference in your game.***

- The 3 piece golf ball, BIGYARD DT300 is developed for outstanding long distance, particularly for low speed players and longer than any other ball in the market.
- 432 dimple with high specific gravity core advanced technology delivers you constant and exceptional distance from tee to green.
- The specially designed dimple pattern provides aerodynamic efficiency and in flight stability. Longer shot will always make a difference in your game.

## Performance Characteristics

DISTANCE	
FEEL	
ACCURACY	
8-IRON SPIN	
TRAJECTORY	

## *Perfect combination of Distance and Accuracy*

### **Urethane blended outer cover of HPC :**

Provides optimal accuracy and soft feel into and around the green.

### **HPF inner cover :**

Transfers impact energy of driver to the core without any loss while maintaining soft feel.

### **The highest resilient core :**

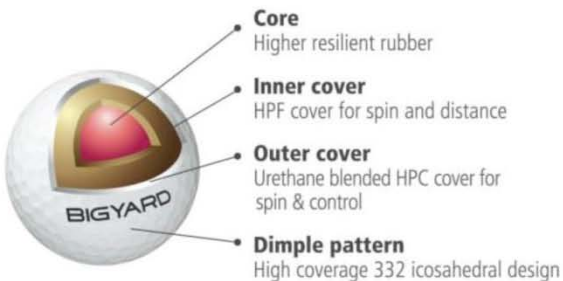

Produces maximum ball speed with low-spin, resulting in long and consistent distance with the driver and long irons.

### **High coverage 332 icosahedral dimple design :**

Increased aerodynamic efficiency and in flight stability.

### Performance Characteristics

DISTANCE		→ LONGEST
FEEL		→ SOFTEST
ACCURACY		→ HIGHEST
8-IRON SPIN		→ HIGHEST
TRAJECTORY		HIGH

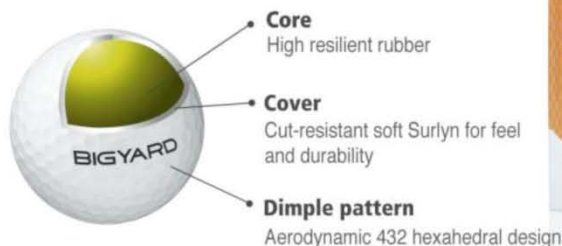

*Having confidence in your shot reducing slice and hook*

- Increasing the circular paths on ball surface enhancing spherical symmetry with New PHC 432 dimple design
- Outstanding distance and Optimum spin
- Resistant cover durability

### Performance Characteristics

DISTANCE	 → LONGEST
FEEL	 → SOFTEST
ACCURACY	 → HIGHEST
8-IRON SPIN	 → HIGHEST
TRAJECTORY	 MEDIUM-HIGH
